

## SURVEYSA'S 2ND ANNUAL ORIGINAL BIRD HOUSE CAMPAIGN

### BENEFITING SAMMINISTRIES

**Once again SurveySA is asking local builders, designers, artists and architects (and everybody else!) to build, design, or decorate bird houses — or bird "shelters" — to benefit SAMMinistries, which for the past 20 years has raised much needed funds to help the homeless.**

**For a donation of \$50.00 to SAMMinistries from any homebuilder in the San Antonio area, SurveySA will provide an unfinished bird house to your firm for decorating by your architect or designer for this effort (for those of you who don't build your own!).**

**If you are interested in participating in this very worthy cause, please contact Nikki Young at SurveySA at 210.877.1446 for more information and complete details.**

**SurveySA employees will pick up all completed bird "shelters" and deliver them to the SAMMinistries offices in time for them to be judged and auctioned at the fundraising event. Please make checks payable to SAMMinistries.**

**For more information on SAMMinistries, please visit [www.samm.org](http://www.samm.org).**
